About Temple Fork Outfitters (TFO):

TFO assembled the world's most accomplished, crafty anglers to design a complete line of fishing rods priced to bring more anglers into the sport. Because we believe that anyone who has the fishing bug as bad as we do deserves the highest performance equipment available to take their game to the next level. And in our experience, when we get people connecting with fish, they connect with nature. And they join us in our mission of keeping our rivers, streams, and oceans in good shape for the next generation. There's a new breed of anglers out there. They're smart. They're passionate. They're socially conscious. And they're fishing Temple Fork.
